

Prayer Update
November 2008

The month of November always turns my thoughts to thanks. We are exhorted in the Scriptures to give thanks for all things in all circumstances. As we reflect on this past year we find much to be thankful for.

1. There was a fanny pack snatching but the thief dropped it before he had a chance to steal anything.
2. An accident-free year of driving in Costa Rica. PTL!
3. A successful move to a new house.
4. Completing all we set out for the VISA teams to do in three churches to come into compliance with the Government's new building codes.
5. The girls are going to 2 different church youth groups weekly.
6. April successfully launched a new ministry that provides 3 yearly workshops to help and train Sunday School teachers.
7. Patrick finished a productive year and eight months of service as a Rector of the Costa Rican Seminary.
8. Patrick and April provided help in establishing a new church in Cartago, Costa Rica.

We are grateful for your faithfulness in praying for our health, our ministry, our safety, and our spiritual growth.

Here are a few requests to guide your prayers for us:

- For the raising up of new partners for our Missionary Support Account and for the Country Shares budget of Costa Rica.
- For the Lord's guidance as we determine along with the national leadership the direction of our ministry over the coming months.
- For Patrick and Pastor Juan Carlos as they develop an evangelism and discipleship program for the Cartago church; and April as she works with Kattia in building the children's and women's ministries in the church.
- For continued health and safety for our family—physically, emotionally and spiritually.

Thank you for your faithful prayers,
Patrick, April, Rachel, and Lydia
Committed to the Father's care, serving in Costa Rica
