**A Birthday and Anniversary**

Amélie celebrated her 16<sup>th</sup> birthday today with friends from BFA. Her birth date is the 21<sup>st</sup> which is also the anniversary of our arrival in France 11 years ago. Amélie has the yellow lei.

**Special Guests**

I mentioned in our last email that Kimberley Lawrence was coming from Fall City, WA for cancer treatment in nearby Basel, Switzerland. I wrote that it was February 25 but it's actually **tomorrow**, Sunday that she arrives with her husband Jim. They will be with us for about a week while Kim takes her treatment. We ask you to pray for her healing and for them both as they face this great challenge. For more about Kim's cancer you can go to <http://www.kimberlylawrence.org>.
